

Lou Fusz:

Transportation, Gas & Maintenance

Transportation

- Necessary expense for every family
- Consider the needs of all family members
- Options include public transportation, auto ownership and rideshare
- There are financing expenses associated with an auto loan
- Not every household is approved for a loan

Is Public Transportation a good option for you?

- Available near your home
- Connections to work and schools
- Flexible schedule to meet your needs

**How much does it
cost each year to
drive a vehicle?**

What Expenses Are Included in Annual Operating Costs?

- Monthly fuel or gas costs
- Maintenance and repairs
- Insurance
- Inspections, license, and property tax
- Parking fees

Gas Expenses

- When deciding to purchase a vehicle, consider the gas mileage
- Large vehicles or SUVs typically get lower gas mileage
- Older vehicles typically get lower gas mileage
- Hybrid cars are more fuel-efficient
- Electric cars will have no gas expense

(Additional gas costs will be included in your car purchase)

Auto Maintenance & Repairs

- Regular maintenance includes oil changes, new tires and tune-ups
- Older vehicles may require more expensive maintenance and some repairs
- Typically, vehicles require major maintenance as they near 100,000 miles
