

# INVEST

in a brighter tomorrow

Learn how to become a sponsor for Junior Achievement's program focused on Financial Literacy and Work and Career Readiness for high-school students, *JA Take Stock in Your Future*.

Through *JA Take Stock in Your Future*, students discover the benefits and challenges of investing in the stock market as part of a broader, long-term investment strategy and the risks and rewards of trading. After completing the classroom curriculum, students and teachers are invited to compete in the *JA Stock Market Challenge*, where high school students compete by investing and trading fake funds in the real market creating draft portfolios as teams, and finalizing their stock selections.
