Childcare

Childcare is an expense that most working parents with young children encounter.

Most children ages 11 and under require some sort of childcare if the parents are working.

If the children are school age they will most likely need before and after care.

Childcare

There are cost differences and benefits with various childcare options: Weekly pay-

After-School Babysitter- \$192

Nanny- \$766

Childcare center (daycare) - \$321

Afterschool programs - \$125

Relative Care

Clothing and Shoes

Clothing and shoes can be both a need and a want.

We need them for protection but often, we want a large wardrobe or the latest styles.

Where do you purchase your favorite clothes or shoes?

- Department Stores
- Specialty Shops
- Discount Retailers
- Outlet Stores
- Big Box Stores
- Re-sale Shops

What are the advantages and disadvantages of shopping at these different types of stores?
